

Whitney Houston: One Wish

If there no presents waiting on Santa's sleigh
What I wish for Christmas?
And if Frosty, the Snowman melting away
I for hope, and unity on Christmas day
If I one wish for Christmas
There joy and peace here on earth
If I one wish for Christmas this year
We all as one
If Rudolph and his reindeer into delays
I still hope for joy this season, yeah
And if somehow Santa on his way
I would try to find a way to smile
Smile on Christmas day, oh
If I one wish for Christmas
There joy and peace here on earth
If I had one wish for Christmas this year
We would all come together as one, oh yeah
You know it ain't about
All those material things (no, no)
What you've gotta think about
Is the love Christmas brings, yeah, yeah
If I one wish for Christmas
There joy and peace here on earth
Ooh, if I one (just one, just one) wish for Christmas this year
Then all as one (together as one)
If I one wish for Christmas
There joy (joy), and peace here on earth (if I had one, if I had one)
If I one wish for Christmas this year (if I had one wish for Christmas this year)
That we'd all, all as one, ooh
As one, yeah

Whitney Houston: One Wish

If there were no presents waiting on Santa's sleigh

What would I wish for Christmas?

And if Frosty, the Snowman were melting away

I would pray for hope, and unity on Christmas day

If I had one wish for Christmas

There would be joy and peace here on earth

If I had one wish for Christmas this year

We would all come together as one

If Rudolph and his reindeer ran into delays

I still hope for joy this season, yeah

And if somehow Santa got lost on his way

I would try to find a way to smile

Smile on Christmas day, oh

If I had one wish for Christmas

There would be joy and peace here on earth

If I had one wish for Christmas this year

We would all come together as one, oh yeah

You know it ain't about

All those material things (no, no)

What you've gotta think about

Is the love Christmas brings, yeah, yeah

If I had one wish for Christmas

Then we'd all come together as one (together as one)
